

## Ten Miles Deep

Randy Rogers Band

When I'm dead, put me ten miles deep  
Hand me up my shotgun Maggie made  
The Devil's come to take your boy away  
I've been spotted on the run  
I'll be waitin when they come  
Hand me up my shotgun Maggie made

I was born a poor man's only son  
It ain't my fault I grew up on the run  
I did my time as a working man  
Fate kept blood stains on my hand  
I was born a poor man's only son

When I'm dead, put me ten miles deep  
When I'm dead, put me ten miles deep  
Said brother when you lay me down  
Down beneath the cold hard ground  
You better put me ten miles deep

I keep my pistol by my head at night  
Lordy I can't seem to do no right  
My hometown, they know my name  
Killed the man and won I my fame  
Keep my pistol by my head at night

When I'm dead just put me ten miles deep  
When Jesus comes he won't disturb my sleep  
I knew it when they shot me down  
Felt the flames from underground  
When I'm dead just put me ten miles deep

When I'm dead, put me ten miles deep  
When I'm dead, put me ten miles deep  
Said brother when you lay me down  
Down beneath the cold hard ground  
You better put me ten miles deep

Said brother when you lay me down  
Down beneath the cold hard ground  
You better put me ten miles deep
