

# Faithful

Randy Stonehill

When I was a boy I opened my eyes  
Looking for the hand that moved  
The clouds across the sky

And in my simple way I believed, yeah, yeah  
The one who turns the world around  
Was reaching down for me

And He's faithful to take me through my darkest hour  
Faithful, I've felt His love, I've seen His power  
And He's faithful even when I'm not  
When I haven't got the strength of will to carry on  
He says, lean on Me and I'll be strong  
And He's faithful, yeah

Through the stormy days  
Of trouble and trials  
I'm not afraid to face  
The thunder and the fire

The endless love of God  
It stays the same  
Faith is such a simple thing  
And simple things don't change

And He's faithful to take me through my darkest hour  
Faithful, I've felt His love, I've seen His power  
And He's faithful even when I'm not  
When I haven't got the strength of will to carry on  
He says, lean on Me and I'll be strong

And He's faithful to take me through my darkest hour  
Faithful, I've felt His love, I've seen His power  
And He's faithful even when I'm not  
When I haven't got the strength of will to carry on  
He says, lean on Me and I'll be strong, yeah

And He's faithful, oh, yeah  
Faithful
