

Good News

Randy Stonehill

Good news, Christ is returning
Good news, now the world is learning
Good news, Christ is returning
And Jesus gonna bring us on home

Good news well I feel alright
Good news He'll come like a thief in the night
Good news he's gonna take us in flight
When Jesus comes to bring us on home

Good news we're gonna live forever
Good news floating light as a feather
Good news we can all be together
When Jesus comes to bring us on home

Oh yeah, ain't that real good news
Oh yeah, ain't that real good news
Go on hang up your blues

Good news...ain't that real good news
Good news...ain't that real good news
Good news...ain't that real good news
Jesus gonna bring us on home

Oh yeah, ain't that real real good news
Ain't that real real good news
Oh yeah, ain't that real good news
Go on hang up your blues

Good news, Christ is returning
Good news, now the world is learning
Good news, Christ is returning
And Jesus gonna bring us on home

Come down make you feel alright
Like a thief in the middle of the night
Come down make you feel alright
Like a thief in the middle of
In the middle of the night
