

# Ants on a Log

Randy Travis

Ants on a log  
Floatin' down a river  
Runnin' around  
But not gettin' anywhere  
Powersteerin' wheels  
Just ain't connected  
And we can't jump off like flees on a dog  
Can't fly away like flies on a hog  
We're really just along for the ride like ants on a log

I got an uncle  
He plays a game  
Can't win it  
He's got a mold  
Tries to fit everybody else in it  
When's he gonna learn he's bangin' his head on the wall?  
He ain't gonna change  
And he looks at me strange when I tell him

We're all just ants on a log  
Floatin' down a river  
Runnin' around  
But not gettin' anywhere  
Powersteerin' wheels  
Just ain't connected  
And we can't jump off like flees on a dog  
Can't fly away like flies on a hog  
We're really just along for the ride like ants on a log

We all know people  
We yella t the cars and the traffic  
Folks in a hurry  
Life's full of heartache and havoc  
I finally learned how to lay back and let life happen  
I just image  
The angels up in heaven  
Lookin' down at us and laughin'

At ants on a log  
Floatin' down a river  
Runnin' around  
But not gettin' anywhere  
Powersteerin' wheels  
Just ain't connected  
And we can't jump off like flees on a dog  
Can't fly away like flies on a hog  
We're really just along for the ride like ants on a log

And just about the time you think  
You're rollin' in clover  
Along comes a rabbit  
And the world tips over

Ants on a log  
Floatin' down a river  
Runnin' around  
But not gettin' anywhere

Power steer wheels  
Just ain't connected  
And we can't jump off like flees on a dog  
Can't fly away like flies on a hog  
We're really just along for the ride like ants on a log  
  
Yeah we're really just along for the ride like ants on a log
