

Come See About Me

Randy Travis

Somebody listen
I'm a voice in the distance cryin'
Come see about me

I am a stranger
In a world filled with anger
Come see about me

I'm gettin' weary tryin' to carry this load all by myself
I'm bone tired and fallin'
Can't you hear me callin'
I need somebody's help

I am a young man
Growin' wild across this land
Come see about me

I'm fourscore and twenty
And I ain't got anybody
Come see about me

I'm somebody's children alone and forsaken
A wave that's lost at sea
I'm right here behind you
I'm all around you, so slow down
Turn around and you will see

I'm your mother
Your sister and your brother
Come see about me

I am a baby
My mother ain't no lady
Come see about me

I am your maker
The giver and the taker
Come see about me
