

No Place Like Home

Randy Travis

Well there's my easy chair
Just sittin' there
I've spent a lot of time
Thinkin' of this perfect love
I know is yours and mine

And oh how I love
That old picture on the wall
Of you and me and the kids
My most favorite times in life
I've spent right here where we live

There's no place like home
There's no place like home
It just hit me
As I was leaving
There's no place like home

From the bedroom
I smell perfume
My favorite kind you wore
And it brings back memories
Of all those nights
Behind our bedroom door

And the saddest thing
I think I've ever seen
Was my closet all cleaned out
It's sad to think
That one must leave
'Cause we can't work things out

There's no place like home
There's no place like home
It just hit me
As I was leaving
There's no place like home

So baby say that I can stay
For just a day or so
Then maybe I can change your mind
And I won't have to go

Just look into
These baby blues
And tell me it's okay
I love that smile
It drives me wild
No love won't die today

There's no place like home
There's no place like home
