

We Ain't Out of Love Yet

Randy Travis

You can throw away my picture
Empty out my dresser drawer
Break up all the dishes
Change the lock on the door

But you can't erase my memory
No matter how you try
It don't mean it's over
Just because you said goodbye

I'm sorry if I hurt you
But you made me so mad
If I don't care about you
Why do I feel so bad?

We're almost out of sugar
And our matches got wet
But we ain't out of love yet

We ain't out of love yet
Let's not do something hasty
Baby, that we'll regret

Our lovin' cup ain't empty
There's still plenty left
And we ain't out of love yet

We might run out of gas
And be left out in the rain
Could run out of cigarettes and money again

A little out of touch
Or just plain out of our heads
But we ain't out of love yet

We ain't out of love yet
Let's not do something hasty
Baby, that we'll regret

Our lovin' cup ain't empty
There's still plenty left
And with just a little mending
We can have a happy ending

Let's forgive and forget
We don't need a lawyer
Now we just need a rest

Then we can get back into doin' what we do best
Was Scarlet ever through with Rhett
You can't break up a perfect set
And we ain't out of love yet
