## **Randy Travis**

- I heard a freight train out across the way I heard a woman sing amazing grace I heard a night bird call to it's mate When I heard you whisper my name
- I heard freedom break it's chain
  I heard a heart beat where once no sound remained
  I heard Angels rise and praise
  When I heard you whisper my name
- I heard music bring a heart of stone to tears

  And I heard peace ring like an anthem through the years

  And I heard hatred fall from grace

  When I heard you whisper my name

Beating softly against the waves Fell a sound of an early morning rain And though the lightin' and thunder came I still heard you whisper my name

I heard music bring a heart of stone to tears

And I heard peace ring like an anthem through the years

And I heard hatred fall from grace

When I heard you whisper my name

I heard Angels rise and praise When I heard you whisper my name
