I stepped out in the light straight from the dark.

I went from the club to the buss and my bed.

I had some sunglasses on and took a pill for my head.

I was low I don't remember that much but my friends, well they told me so.

I woke up around a quarter to three.

Already been here a time or two.

Don't need no map or some guide to know what to do.

I know which street to walk which stores to see to find the nec essary.

I know in which restaurants I need to be to find some good food for me.
