Now And Forever

Randy

I never claimed myself to be
The world's most perfect human being.
Yeah, I try to do my best
But I fail like all the rest.

I'm not strong, smart or well dressed
But I'm tougher than the rest
'Cause I believe that we can make things better:

Now, now -- Now and forever and for everyone out there.
Everyone out there.

In school I fucked up every test.
I was never ever best
On anything and I had poor grades and a terrible hairdo,
If you where fifteen in the eighties so did you.

I'm not good looking or well dressed
But I'm more naive than the rest
'Cause I believe that we can make things better:

Now, now -- Now and forever and for everyone out there.
Baby.

I hear you talk, talk, talk, talk the talk
But can you walk, walk, walk the walk?
I hear you talk, talk, talk, talk the talk
But can you walk, walk, walk the walk?

Talk, talk, talk, talk the talk
But can you walk, walk, walk the walk?
I hear you talk, talk, talk, talk the talk
But can you walk, walk, walk the walk?
Can you walk?

Now, now -- Now and forever and for everyone out there.
Make thing better now,
Now -- Now and forever and for everyone out there.
