

## X-ray Eyes

Randy

Back in 1981 the scream and shouting had begun  
My parents were still married and had their hatches buried  
They told me everything would work out fine

Back in 1982 they were talking about what to do  
Stay together or separate everyday that same debate  
I heard them from the walls up in my room

All the kids want x-ray eyes  
So they can see when grown-ups lies  
They got their minds set on the price  
The kids want x-ray eyes

Back in 1983 first day in school for me  
Our teachers name was mary she said it's necessary that  
All the kids do exactly what they're told

All the kids want x-ray  
Eyes so they can see when grown-ups lies  
They got their minds set on the price  
The kids want x-ray eyes

Don't think I can take it I surrender mama  
I'm just not felling so good  
Things didn't turn out the way you told me that they would

All the kids want x-ray eyes  
So they can see when grown-ups lies  
They got their minds set on the price  
The kids want x-ray eyes
