

# Come On Baby

Rangers

It's the Rangers... Kevin Writer!

[Chorus: Kevin Writer]

Come on baby ride, (baby ride) cus it feels so good.  
Girl you know that you should.  
Come on baby ride, from the club to the car.  
From the car to the crib to the bed.  
Come on baby ride, (baby ride) do it all night.  
Just how your body likes it.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.

[Verse 1: Langston]

Uh, she vibbin and I like it.  
She feeling me can't fight it.  
I'm stealing her by the night ends.  
My letter writes to my hideout.  
She said make this night extend.  
I don't care, I'm a vampire.  
Up all night till the sun hit a blunt, and get higher.  
She said I'm 'bout to leave, do me favor.  
Said what is that? She said kiss me right here.  
No words, I could do that uh.  
This won't hurt, stuck my fangs into her neck, HA!  
She said what the heck, & I said just wait a sec, uh.  
Do you feel it? Like you could vibe.  
You feel like you could ride, all night?  
You down to ride.  
I'm feeling three ride.  
In the next hour to the crib to the bed, turn right to the shower.  
Yeah! Walk up in the crib, looking fire shawty bad.  
Girl just plug me in your amplifier, like that.  
To see if we have the same vibe.  
And since we had a good time, next time...

[Chorus: Kevin Writer]

Come on baby ride, (baby ride) cus it feels so good.  
Girl you know that you should.  
Come on baby ride, from the club to the car.  
From the car to the crib to the bed.  
Come on baby ride, (baby ride) do it all night.  
Just how your body likes it.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.

[Verse 2: Julian]

He said come on baby ride, she said I like you boy,  
But I don't know, if you the same as these other lames so let's just take it  
slow.  
And I'm sorry, we can't finish what we started.  
I'm not heartless, it's just the guard where my heart is.

I'm like I understand, so quit girl you could save it.  
Give your heart to God, he's probably the only one who won't break it, yeah.  
But I really like you, I can't fake it, uh.  
I'll give you my heart, girl you could take it (hahah).  
She smiled and said I wanna do you.  
But you know I don't want to think that you think that I'm some kinda hoe.  
I said I won't, but put your clothes on & let's go out tonight.  
So our loving nice comes from the sparks coming from these flashing lights.  
Makin' love in this club, feels like just me and you inside.  
Love is in the air, and love is the vibe.  
And when your ready girl, love is what I provide.  
So work them heels, and when you decide...

[Chorus: Kevin Writer]

Come on baby ride, (baby ride) cus it feels so good.  
Girl you know that you should.  
Come on baby ride, from the club to the car.  
From the car to the crib to the bed.  
Come on baby ride, (baby ride) do it all night.  
Just how your body likes it.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.

[Verse 3: DayDay]

I'm dressed to impress, looking for a lovely lady fancy dressed.  
Tyrese and Lee broke up w/ my ex, all she gave me was stress.  
But never the less, so many beautiful women in here.  
So I sit back and obsess I found this girl & then,  
Fold ready to roll, got the best.  
As I'm not supposed to address.  
I spoke to myself, Father forgive me for for my stress.  
As we reach the address, I didn't express and wanna took my time.  
Lay you down & [?] you slowly undress, we big kids now.  
No recess, now let's see you ride.  
Pony express, she sought me out & said yes, yes, yes ladies first.  
Doing these chores, I could care less.  
Now I'm more wish than request.  
Ranger Gang could kill, you'll say it.  
Come on baby, come on baby...

[Chorus: Kevin Writer]

Come on baby ride, (baby ride) cus it feels so good.  
Girl you know that you should.  
Come on baby ride, from the club to the car.  
From the car to the crib to the bed.  
Come on baby ride, (baby ride) do it all night.  
Just how your body likes it.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.  
Come on baby ride.
