Fuck a nigga & your chick, & it's a Ranger\$ repp
If you wanna beef with me you can take another step
And to all these steeze biting niggas, your all my pets

[DayDay:]

You know what it is, wassup?
It's DayDay, I gets it in
And I don't give a fuck about a nigga or his bitch
Shitting on these niggas, fucking clowns
Cus my swags up, & your swags down
Nightmare on your street, when I come around
Taking this shit, with one hand down

In the club two stepping with my hand on my belt
Lil mama wanna dance, but I told her to move
Lil mama fucking up my grove
I love myself & your girl does too
I ain't fucking with her, I ain't fucking with you
So y'all could just both relax
Just minding my business, rejecting in the back

[Spotlight:]
I wanna share you like a bag of Ruffles
Baby girl can we go to my bedroom & tustle
And I can pass you to Julian
He said baby girl it's the weekend, we can get it in
Fuck your girl up her boobie, & he pass her to Langston
