[Julian:]

(Ugh) Now shawty hop up in the cedes, and we could make some babies
I ain't crazy I just like you like that, love you maybe and
I'm a lick around your lips, suck on the bottom one
Get you all wet then dive in it like a high jump
And I want, what you want
And we both want the same thing so let's get her done
K-I-S-S Baby you the best
Suck all on ya neck then I'm a have you sayin yes

[Day-Day:]

Hey girl, what's up, I'm tryna get to know you
We could exchange numbers, I'll phone you
Late night talk, me and you off
Doin what the french do, suckin on yo neck boo
I'm biting on yo lip, now we on first base
Moving to second base, skip third base
I'm headed to home plate
Now there's lip gloss, all over my face baby

[Chorus: Spotlight]

Me and you, sittin in the "V",
K-I-S-S-I-N-G
I'm a fine ass nxgga, you a pretty ass chick
I know you like it when we do it like this so
Kiss me like that and I'll kiss you right back
Kiss me like that and I'll kiss you right back
Kiss me like that and I'll kiss you right back
And we can get it on, making love to my ringtone

[Langston:]

Yeah, see a baddy in the party
Silky long hair, sugar brown, nice body
Damn shawty, you should be talking to me
Cus I'm all about my money girl, can't you see
Girl you could follow me, to the "V"
Now we're kissing, that's how it's supposed to be
Now you're kissing on my neck down to my body
Girl hold on this ride is gonna be kind of rocky

[Spotlight:]

When it comes to this kissing game I'm gonna win
Let the top down, baby hair blowin in the wind
She say she want to hop in the back, and get it in
Now she goin round town, yea she tellin all her friends
(Ah-ha) Now her friends want to do me
Just like Khalifa man I'm lookin for a chewy
Baby said she loves me cus my life is like a movie
Now let me sit back baby I'm a let you chew me (Yo)

[Chorus: Spotlight]
