Yeah, better than him  
You don't have to trip I will never slip  
My love is what you got  
You the queen in my eye, I'm the king  
I give you what you need  
He fills your head with dreams  
You know me I bring reality  
Your feelings for him are spoiled I can see  
But when it comes to me there is no expiration  
He the one you hatin

[Chorus]

Said he ain't thinking bout you girl, like I do  
And naw he ain't lookin at you girl like I do  
And nahh he could never treat you girl like I do  
Said I can treat you better  
Girl  
I can treat you better
