

You Couldn't Have Come at a Better Time

Rapalje

Where is this place we've come to
You don't know what to say
We long to see each other
And are frightened of that day
You met me in a barren place
You walked me to the hill
We could have been so good for eachother then
I know we could be still

You couldn't have come at a better time
You couldn't have come at a better time
You couldn't have come at a better time
Not if you try, oh no
Not if you try, oh no

We have five hundred questions
Between you and me
But when you look into my eyes my love
Tell me what you see
Is it something you're not sure of
Is it something true and fine
Or is it just another case
Of the right thing at the wrong time

You couldn't have come at a better time
You couldn't have come at a better time
You couldn't have come at a better time

Since we were first together
By the lake side sky so blue
We were so good for eachother
Just me and you and me and you and me and you and me
and you

You couldn't have come at a better time
You couldn't have come at a better time
You couldn't have come at a better time
Not if you try, oh no
Not if you try, oh no
Not if you try
