

# I Want You Back

Raphael Saadiq

Girl, can't you see that I (I want you back)  
And I'd do anything to be with you again (I want you back)  
I see I messed up  
I know I hurt you  
Baby, I'm sorry, can't you see (I want you back)

I remember how I used to make you breakfast in the morning 'fo'  
you went to work  
I remember how I used to give you nakey for your late night des  
ert  
But I can't tell you  
All the the ways oh  
Sicne that day that we fell apart

Now, mama I ain't tryin' to justify the way I broke yo' heart  
I'm just tryin to make you understand what's right there in my  
heart  
I must have been so blind  
And I thought love was blind  
But now I've realised  
I swear I've realised  
I want you back

Girl, can't you see that I (I want you back)  
And I'd do anything to be with you again (I want you back)  
I see I messed up  
I know I hurt you  
Baby, I'm sorry, can't you see (I want you back)

Get on down, come on down  
Get on down, come on down  
Get on down, come on down  
Get on down, come on down  
Can someone help me find my baby girl  
Can someone help me find my baby girl

Girl, can't you see that I (I want you back)  
And I'd do anything to be with you again (I want you back)  
I see I messed up  
I know I hurt you  
Baby, I'm sorry, can't you see (I want you back)  
Girl, can't you see that I (I want you back)  
And I'd do anything to be with you again (I want you back)  
I see I messed up  
I know I hurt you  
Baby, I'm sorry, can't you see (I want you back)
