

# Just Don't

Raphael Saadiq

Walking down the street  
Saw a random picture of your face  
Trying to get you out of my mind  
But you won't go away  
My eyes that cried, days and nights too

You were there for me, what a fool  
I overlooked you and you were always there for me  
I was there for you, time can't buy retro-respect  
Heard you was such a big regret

And now I'm on this miracle mile  
Everything I touch runs wild  
I spend my last to make you first again  
Guess I can see the trees again

The grass is never greener  
Tell me why I didn't think about this before now  
'Cause my baby's gone

I just don't know what to do about you  
All broke up over you, I just don't, I just don't  
I just don't know what to do about you  
All broke up over you, I just don't, I just don't  
I just don't know what to do about you  
All broke up over you, just don't, just don't

Shelly moved away to Jackson, Mississippi  
Where the grass is green and so pretty  
She found her a preacher man  
'Cause that's all she ever wanted

Life at home was very hard  
Yes, I sent a million cards  
Life without her there  
This can't be true, no this isn't fair

Walking down the street calling your name  
People think I'm going insane  
This is just a terrible dream  
And my mind can do without it

I drown myself in whiskey, grass and beer  
Love, I was wishing you were here  
But here's a toast to you and your new found friend  
I'm gonna be missing you  
I just don't,  
I just don't 'cause my baby's gone

I just don't know what to do about you  
All broke up over you, I just don't, I just don't  
I just don't know what to do about you  
All broke up over you, I just don't, I just don't  
I just don't know what to do about you  
All broke up over you, I just don't, I just don't
