

# Moving Down The Line

Raphael Saadiq

Yeah

You can clap your hands if you want to

What's in your eyes? 'Cause they talk to me  
They know how to read my mind  
I get this feeling when you're next to me  
It's like joy of summertime

I wanna be your favorite song  
That would only bring you joy  
But now that I never see you  
I can only wish for more  
But I

At the end of the I  
I'll keep writing you  
Should I stop by and say hi  
Or just keep riding straight?

I wanna to be your hero  
And everyone else knows  
That you mean the world to me  
So let love unlock the door

Oh, come on baby, let's move it together  
It's just you and me, baby, that's all we got  
I like it, I like it  
Matter of fact, I love it

Without you there would be no life  
Life for me to see  
I do believe I'm the best when you  
Are holding on to me

See, this love just keeps getting sweeter  
Year after year  
You know you're something like a miracle  
Always knew you would appear

Oh, you got me smiling, girl, oh  
Don't you wanna dance?  
Don't you?  
Come on, hold my hand, baby

Keep on moving  
Move it just like that, oh yeah  
Move it like that

Don't you ever go away, babe  
Please don't go  
Not you, no, not you

Please don't go  
Don't you go away, walk with me, baby  
Take off your dancing shoes, baby  
I need you, I need you to stay  
This is what Mr. Leon Ware would say

Making love in the dark  
Love in the sun, love watching the moon  
Love everyday, babe  
Don't you go away, I want you to stay

Just take of your clothes, relax and live  
Hold me and please me, I got your back, baby  
Don't you go away, please don't go away  
'Cause I'm here to stay
