You laid lips on me you know you are so talented
So please tell me that we'll do this once again

I love your thing thing thing so much it's in my dreams,
Big ol thing thing thing give it to me til I scream,
I love your thing thing thing so much it's in my dreams,
Big ol thing thing thing give it to me til I scream

Your place looks betta than mines do that's
Why I'll always drive to you and even
When I'm sleepy or almost dead
I'll get in my car cause you give great head,
Yeah yeah

So much it's in my dreams, my love your scream
Scream screams girl you

So much it's in my dreams,

Girl you know I need your cream

That that first time we flew out of town
You performed for me neva forgot how you dropped the towel
I never had relations quite like this before
The way you shocked my body I'll be right back here by 4

I love your thing thing thing so much it's in my dreams,
Big ol thing thing thing give it to me til I scream,
I love your thing thing thing so much it's in my dreams,
Big ol thing thing thing give it to me til I scream

You make me scream

You make me scream, you make me shout,
you're everything that I'm about,
You make me scream, you make me shout
you're everythang that I'm about...

You make me scream!
