

Train To Nowhere

Rare Earth

You can catch it if you want to ride
Don't you worry if it pass you by
You can catch it if you want to ride
Don't you worry if it pass you by

Don't you know the reason why
I'm on this train till I die
Train and I ride goes God knows where
I don't know and I don't care

Train and I ride goes God knows where
I don't know and I don't care

Please now brother don't you ride this train
Ride the wrong rails, live your life in vain
Please now brother don't you ride this train
Ride the wrong rails, live your life in vain
