Ras Kass

I got juice but I can't stop no ocean liner baby!  
I'm down with you baby I'm there  
Man don't miss this it's gonna be FABULOUS

We ghetto fabulous baby  
The best food drink and women that money can buy

Every day of my life is off the ringer  
That's guaranteed like a fistfight on Jerry Springer  
I got the hottest flow to hit the street since lava  
So holla, we all hustle for dollar dollars  
From Sac to Houston, New Orleans to D.C.  
To beep beep  
Bangin, catch me with a dimepiece next to me  
My Body all over Your Body like LSG  
Neighborhood celeb with the keys to my city like the mayor  
Rookies askin us how to be a playa  
Get in where you fit in, and never get your ghetto pass revoked  
No matter how much money you make  
Stay true to the game loc, guest list terror clothes  
In jeans and tennis shoes, breakin your strict dress codes  
Spit lyrical bricks, thirteen deep  
So I can be richer than Master P sellin Ghetto D

You ain't heard of me, you ain't listenin hard enough  
Started in Compton servin from a ice cream truck  
Now ten years later whippin a custom Navigator  
Steppin on your toes playa, stuffin up your alligators  
I'm ghetto, like Newport cigarettes, feel me  
Boom bap and slap that ass silly  
This is for the full time students slash part time strippers  
And young niggaz, clockin at least five figures  
Some of us pro atheletes, some of us rap over fat beats  
Some of us hustle in the streets  
Twenty deep in Club Nikki's so you know we gots to mingle  
Off a pocket full of singles, huh  
And it's all bueno, musical mafia like Frank Sinatra  
Pop a thirteen shot glock to make you Go See the Doctor  
Ain't nuttin nice  
From hood to hood, love livin the lavish life

Flexin the Rolex oyster perpetual, thirty-five diamonds  
Across the face, still eatin out foam cups and paper plates  
We don't call it playa hatin in the nine-eight, it's P.I.  
That's pass intereference, automatic first down  
Want Juice like Tupac, then Obey Your Thirst clown  
Be in the PJ's in NY, rockin DK  
Mix EJ with OJ, OK, we say  
"L.A. niggaz got crazy came  
Like John Elway got a superbowl ring"  
The homies down for whatever, we stack the chedda  
Swiss bank accounts, and mo' mozzarella fella
