

# Are You Happy Now

Rascal Flatts

Someone let your secret out  
Everybody around here is talking about  
how your knight in shining armor let you down  
And now your alone, I told you so  
This is what you wanted, baby now you got it  
Something is wrong and you can't put your finger on it  
Could it be that maybe, you did that to me, baby  
And now you found

What goes around comes back around  
It's been that way forever  
Baby, just look at you now, barely holding it together  
We're so in love, but you gave that up  
Just look around, are you happy now?  
Oooh, are you happy now?

Yeah, your going to spend some sleepless nights  
Crying in the glow of the TV light  
With some sad song on and a glass of wine  
Just to sit in the pain, baby, what a shame  
This is what you wanted, baby now you got it  
Something is wrong and you can't put your finger on it  
Could it be that maybe, you did that to me, baby  
And now you found

What goes around comes back around  
It's been that way forever  
Baby, just look at you now, barely holding it together  
We're so in love, but you gave that up  
Just look around  
Are you happy now?

Now that I'm not around (now that I'm not around)  
Now that you've finally lost what you thought that you needed  
Never would have treated your heart, like you did

What goes around comes back around  
It's been that way forever  
Baby, just look at you now, barely holding it together  
We're so in love, but you gave that up  
Just look around  
Just look around

What goes around comes back around  
It's been that way forever  
We're so in love (we're so in love)  
But you gave that up (but you gave it up)  
Just look around  
Just look around  
Are you happy now?  
Are you happy now?  
Are you happy?

What goes around comes back around
