

# Feels Like Today

Rascal Flatts

I woke up this morning  
With this feeling inside me that I can't explain  
Like a weight that I've carried  
Been carried away, away  
But I know something is coming  
I don't know what it is  
But I know it's amazing, you save me  
My time is coming  
And I'll find my way out of this longest drought

It feels like today I know it feels like today I'm sure  
Its the one thing that's missin'  
The one thing your're wishin'  
The last sacred blessin' in pain  
It feels like today  
Feels like today

You treat life like a picture  
But its not a moment frozen thats in time  
It's not gonna wait  
Til you make up your mind, at all

So while this storm is breaking  
While there's light at the end of the tunnel  
Keep running towards it  
Releasing the pressure, that's your heartache  
Soon this dam will break

And it feels like today  
I know, it feels like today, I'm sure  
Its the one thing that's missin'  
The one thing you're wishin'  
The last sacred blessin' in pain  
It feels like today  
Feels like today

And it feels like today  
I know, it feels like today, I'm sure  
Its the one thing that's missin'  
The one thing you're wishin'  
The last sacred blessin' in pain  
It feels like today

Feels like, feels like your life changes  
Feels like feels like your life changes

Its the one thing that's missin'  
The one thing you're wishin'  
The last sacred blessin' in pain  
Feels like today

Feels like Feels like your life changes  
Feels like Feels like your life changes
