

Great Big Love

Rascal Flatts

Red light
Late again,
That joker cut me off
When will it end?

Cell phone
Out of range
Can you hear me now?
I'm going insane

Well, who's that honkin' at me?
Yeah, that's the last thing I need

Yeah, it's alright
It's just another day called life
Any way it goes I'm coming home to you tonight

Don't sweat the small stuff
Life is hard enough
I thank the Lord above
We got a great big love
Great big love

Mmm, check it out
Got breaking news
All that matters is that I got you

The little things
We think they're somethin'
But when you add 'em up they add up to nothin'

Well, come on world, is that all you got?
That ain't a lot if that's your best shot

Yeah, it's alright
It's just another day called life
Any way it goes I'm coming home to you tonight

Don't sweat the small stuff
Life is hard enough
I thank the Lord above
We got a great big love, yeah

It's alright
It's just another day called life
Yeah, it's alright
It's just another day called life
Well, any way it goes I'm coming home to you tonight

Don't sweat the small stuff
Life is hard enough
I thank the Lord above
We got a great big

Don't get so uptight
You gotta let it slide
Well life is hard enough

We've got a great big love, yeah
Well, life is hard enough

Don't sweat the small stuff
Oh, life is hard enough
I thank the Lord above
We've got a great big love, yeahoo
