

# Hopin' You Were Lookin'

Rascal Flatts

Sittin' here stuck in traffic  
Five o'clock madness  
Shoulda took the long way home  
Like some copper field magic  
Showed up like a rabbit  
Stopped like a runway show

Dark sunglasses  
Gonna pull right over  
Gotta take my chances  
I was hopin' you were lookin' at me

Hey girl, tell me  
What you doin' later tonight?  
Call me crazy  
But I was thinkin' maybe you might  
I'll take you downtown, table for two  
Keep it laid back, just me and you right now  
I'm trippin' over my feet  
Cause the way that you were lookin'  
I was hopin' you were lookin' at me

Takin' off your sunglasses  
If you don't mind me askin'  
What's your name and where you from?  
I know we're movin' kinda fast  
But I kinda gotta have it  
Put your number in my phone  
We can be so classic  
June and Johnny Cash it  
Now I got you laughin'  
So tell me, were you lookin' at me?

Hey girl, tell me  
What you doin' later tonight?  
Call me crazy  
But I was thinkin' maybe you might  
I'll take you downtown, table for two  
Keep it laid back, just me and you right now  
I'm trippin' over my feet  
Cause the way that you were lookin'  
I was hopin' you were lookin' at me

We can be so classic  
June and Johnny Cash it  
Me and you right now

Hey girl, tell me  
What you doin' later tonight?  
Call me crazy  
But I was thinkin' maybe you might  
I'll take you downtown, table for two  
Keep it laid back, just me and you right now  
I'm trippin' over my feet  
Cause the way that you were lookin'  
I was hopin' you were lookin' at me

Baby, hey, what you doin' later tonight?  
Call me crazy  
But I was thinkin' maybe you might  
Oh, the way that you were lookin'  
(I'll take you downtown, table for two)  
I was hopin' you were lookin' at me
