

Hurry Baby

Rascal Flatts

I don't wanna wait, it's been too long
I don't wanna lay here all alone
I don't wanna need this phone
To hear you breathe

Every second feels just like a year
Every moment you're not here
Is like a lifetime of lonely
Please

Hurry baby
I need you coming through that door
Hurry baby
I can't be without you anymore
Come and save me
I'm losing it
I swear that this
Not kissin' you, missin' you is got me goin' crazy
Hurry baby

Every single car that passes by
My heart beats faster everytime
I pray it's your headlights coming home
If I could just speed up that clock
I'd get you here then make it stop
I'd wrap you in my arms
And love you real slow

Hurry baby
I need you coming through that door
Hurry baby
I can't be without you anymore
Come and save me
I'm losing it
I swear that this
Not kissin' you, missin' you is got me goin' crazy
Hurry baby

Hurry baby
Hurry baby
Come and save me
I'm losing it
I swear that this
Not kissin' you, missin' you is got me goin' crazy
Hurry baby
I can't be without you anymore
Hurry baby
Hurry baby
Not kissin' you, missin' you is got me
Is got me goin' crazy
