

# Love What You've Done with the Place

Rascal Flatts

Your t-shirt hanging on my chair by the mirror  
Where you like to do your hair  
I found it everywhere, it's on the bed, it's on my floor  
It's like you leave your mark so everybody knows I'm yours  
And I don't mind at all  
No, I don't

When you gotta go, don't you leave me all alone  
Leave your perfume on my pillow and your picture on my phone  
Leave the towel on the shower and that empty shampoo bottle  
That make-up on the counter you can take but you ain't gotta  
Just don't leave me without leaving a trace  
'Cause I love what you've done, yeah I love what you've done with the place

That smile sure brightens up the room  
And those eyes go perfect with the view  
All the stars outside the window getting closer just to see  
This little piece of heaven leaving lipstick on my cheek  
And I don't mind

When you gotta go, don't you leave me all alone  
Leave your perfume on my pillow and your picture on my phone  
Leave the towel on the shower and that empty shampoo bottle  
That make-up on the counter you can take but you ain't gotta  
Just don't leave me without leaving a trace  
'Cause I love what you've done, yeah I love what you've done with the place  
I love, I love, I love, I love

Hanging around you like to sleep your Sunday morning on my couch  
Like everything about you, I can't stop thinking about  
And I don't mind at all

So when you gotta go, don't you leave me all alone  
Leave your perfume on my pillow and your picture on my phone  
Leave the towel on the shower and that empty shampoo bottle  
That make-up on the counter you can take but you ain't gotta  
Just don't leave me without leaving a trace  
'Cause I love what you've done, yeah, I love what you've done with the place  
I love, I love, I love, I love  
What you've done, baby  
What you've done with the place  
You know I do, baby  
Yeah, I love what you've done with the place
