

Lovin' Me

Rascal Flatts

My shadow feels like a stranger lagging behind me
I feel like a king of I can't get a break, bad timing
But the reason, the questions and my second guessing
Don't hang around to long

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

I can step right into the great unknown

And always find my way back home

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

It's so crazy no matter how much you pour in

You seem to find a way to fit a little bit more in

You smile that smile and it feels like a brand new morning

You're bound and determine and I don't deserve it

But God knows where I'd be

If you didn't keep lovin' me, lovin' me, lovin' me, lovin' me,
lovin' me baby

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

I can step right into the great unknown

And always find my way back home

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

Life can take you, turn you, twist you right in two,

Oh bring it on

I've got you

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby

(You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby)

(You keep lovin' me, lovin' me, lovin' me, lovin' me, lovin' me
baby)

I can step right into the great unknown

And always find my way back home

You keep lovin' me

You keep lovin' me

You keep lovin' me

Oh baby
