Rascal Flatts

Sarah Beth is scared to death
To hear what the doctor will say
She hasn't been well
Since the day that she fell
And the bruises just won't go away
So she sits and see waits with her mother and dad
Flips through an old magazine
Till a the nurse with a smile
Stands at the door
And says will you please come with me

Sarah Beth is scared to death
Cause the doctor just told her the news
Between the red cells and white
Something's not right
But we're gonna take care of you

Six chances in ten it won't come back again
With the therapy were gonna try
It's just been approved
It's the strongest there is
I think we caught it in time

Sarah Beth closes her eyes
She dreams she's dancing
Around and around without any cares
And her very first love is holding her close
And the soft wind in blowing her hair

Sarah Beth is scared to death
As she sits holding her mom
Says it would be a mistake
For someone to take
A girl with no hair to the prom

Oh, just this morning right there on her pillow
Was the coolest of any surprise
And she cried when she gathered it all in her hands
The proof that she couldn't deny

Sarah Beth closes her eyes
She dreams she's dancing
Around and around without any cares
And her very first love is holding her close
And the soft wind is blowing her hair

It's a quarter to 7
That boy's at the door
Her daddy ushers him in
And when he takes off his cap
They all start to cry
Cuz this morning where his hair had been
Softly she touches just skin

They go dancing
Around and around without any cares
And her very first true love is holding her close

And for a moment she isn't scared
