

While You Loved Me

Rascal Flatts

1. If I ever write the story of my life
Don't be suprised if you're where it begins
Girl, I'd have to dedicate
Every line on every page
To the memories we made
While you loved me

R: I was born the day you kissed me
And I died inside the night you left me
But I lived, oh, how I lived
While you loved me

2. I'd start with chapter one, love innocent and young
As the mornin' sun on a new day
Even though I know the end
Well, I'd do it all again
'Cause I got a lifetime in
While you loved me

R:

R: I was born the day you kissed me
And I died inside the night you left me, yeah
But I lived, oh, how I lived

I (I lived) lived...

I was born the day you kissed me (the day you kissed me, baby)
And I died (I died) inside the night you left me, yeah
But I lived, oh, how I lived

I lived... while you loved me
