

Let It Clap

Rasheeda

Konvict

Akon and Rasheeda

Cause I got this hump (yeah)
In my back (yeah)
And everytime it hears the bass
It just wants to clap (yeah)

Let it clap, clap, clap, clap, clap, clap, clap (2x)

Go on and let it

Clap, clap, clap, clap, clap, clap, clap (2x)

Go on and let it clap
Picture perfect
Paint a perfect picture
What's the dime pieces in it in the club get quicker (Woah)
Now let's make this clear
We got a lil tipsy now we 'bout it over here
Rasheeda got 'em feindin'
Sittin' sideways, boy I see you leanin'
Tell me what you thinkin'
Is that really you talking or what you're drinking
You better put a tag on it
See this hump in my back
Now you wanna grab on it
I can make it pop like it's got a tag on it
If I let you beat it up you gotta put a man on it

Now the way you open up like a folder
Wanna see it clap when you bend it over (eeh)
Watch how you grind on me
Drop down, slide down on me now

Cause I got this hump (yeah)
In my back (yeah)
And everytime it hears the bass
It just wants to clap (yeah)

Let it clap, clap, clap, clap, clap, clap, clap (2x)

Go on and let it

Clap, clap, clap, clap, clap, clap, clap (2x)

You can find me in the club,
Hostin' it up with a thug
Show a lil thigh baby
Chikka's on the dubs
Ain't no shame,
Boy you gotta show me love
Ladies if you feel what I'm sayin,
Throw it up!

If he ain't talking right,
Give his ass a mean look

You wanna see a country girl get drunk
You came to the club to see the hump in my back
Go clap, like this, like this
Like that like that,

You ain't even thinking 'bout the girl at your house, no
Hate to tell her 'bout the things you do with your mouth... woah
Boy it oughta be crime,
You front like you don't
But you do it all the time.

Now the way you open up like a folder
Wanna see it clap when you bend it over (eeh)
Watch how you grind on me
Drop down slide down on me now

Cause I got this hump (yeah)
In my back (yeah)
And everytime it hears the bass
It just wants to clap(yeah)

Let it clap, clap, clap, clap, clap, clap, clap (2x)

Go on and let it

Clap, clap, clap, clap, clap, clap, clap (2x)

Go on and let it clap
Hey, go on let it clap,
Turn the bass up,
Watch it bounce back,
Gotta a lil secret,
Can you keep that,
I like-a-like-a-like-a-like it
From the back.
You a minute man,
Call it a wrap,
Don't holla back,
I ain't with dat,
You got one chance to show improve
You don't do it right,
I pass you on to my crew,
IT's so to good with a freak like me,
Hot like me, make it drop like me
You wish your girl had a hump in the back
You wish you girl could make it, make it clap

Now the way you open up like a folder
Wanna see it clap when you bend it over (eeh)
Watch how you grind on me
Drop down slide down on me now

Cause I got this hump (yeah)
In my back (yeah)
And everytime it hears the bass
It just wants to clap(yeah)

Let it clap, clap, clap, clap, clap, clap, clap (2x)

Go on and let it

Clap, clap, clap, clap, clap, clap, clap (2x)
