

Crystalline

The Rasmus

See you falling for the calling
I see you fading
Into delusion, execution
And confusion play the game
From the outside there's a new end
On the inside
All for nothing, good for something
But the outcome is the same

Everything we started
Burning up in flames
And the day we bought it
Then I learnt to deal with pain
Kept my eyes wide open
In the end it's all the same
In the end it's all the same

Rivers gonna run and set us free
Love is gonna drown into the sea
Let tomorrow come, don't cry for me
Crystalline, Crystalline
Rivers gonna run and set us free
Love is gonna drown into the sea
Let tomorrow come, don't cry for me
Crystalline, Crystalline

Now it's all up in the open
Was it worth it?
Hell is broken out of me
And I'm addicted to the lies
I can't help it when I lose it
I'm in heaven
I know I'm guilty, now it hit me
I'm the one to pay the price

Everything we started
Burning up in flames
And the day we bought it
Then I learnt to deal with pain
Kept my eyes wide open
In the end it's all the same
In the end it's all the same

Rivers gonna run and set us free
Love is gonna drown into the sea
Let tomorrow come, don't cry for me
Crystalline, Crystalline
Rivers gonna run and set us free
Love is gonna drown into the sea
Let tomorrow come, don't cry for me
Crystalline, Crystalline

Rivers gonna run and set us free
Love is gonna drown into the sea
Let tomorrow come, don't cry for me
Crystalline, Crystalline
Rivers gonna run and set us free

Love is gonna drown into the sea
Let tomorrow come, don't cry for me
Crystalline, Crystalline
