

Days

The Rasmus

1. I knew that you would come

I know you

Welcome to my kingdom

Some days are cold like the ice in here

2. You dont have to sleep at night

You dont have to

You dont have to close your eyes

Cause some days are dark like the nights in here

*1: I get this feeling

I get this feeling everytime

R: I dont know I dont know what to do

where to go make it right can you stay for the night?

Days in a maze full of flames what to do

where to go I dont know when the clouds fill the sky

3. Keep staring at the sea

keep staring

Theres so much misery

for the tidal waves to wash away

*1: I get this feeling...

R: I dont know...

*2: It's something deeper it's something to defend

So lets pretend that the end is not comming yet

Time is not running yet into the shadows

And we can be friends now and forever
