

# Dragons into Dreams

The Rasmus

The moment I wake up  
In my imaginary world  
Standing on the roof top  
I see the sorrow and the hurt  
I look at all the people  
Fighting battles down below  
Everybody is a hero  
But they just don't know  
But I know

'Cause every night when I'm asleep  
I'm turning dragons into dreams  
I can make the monsters fade  
And I never feel afraid  
I become a man of steel  
Somehow I make it real  
Like on the silver screen  
I turn dragons into dreams

If I had the power  
I would give it all to you  
And that's what my wish is  
To make you invincible too  
For you to see what I see  
Every time I close my eyes  
I know that you're amazing  
Wouldn't that be nice?  
So nice

'Cause every night when I'm asleep  
I'm turning dragons into dreams  
I can make the monsters fade  
And I never feel afraid  
I become a man of steel  
Somehow I make it real  
Like on the silver screen  
I turn dragons into dreams

Daylight comes and I don't know  
How I manage to find you  
Say I will

'Cause every night when I'm asleep  
I'm turning dragons into dreams  
I can make the monsters fade  
And I never feel afraid  
I become a man of steel  
Somehow I make it real  
Like on the silver screen  
I turn dragons into dreams
