

Heart Of Misery

The Rasmus

I don't wanna feel
anything today
I don't wanna feel
anything today
Anything at all and just be alone
I just wanna know that you
wanna know

I don't wanna live trough
another day
I don't wanna live through
another day
Meaningless to fight for
the victory
I just wanna dive in the
heart of misery

One love
One life
Locked me in the
heart of misery
One loss
One fight
locked me in the
heart of misery

I will never be anything again
I will never be anything again
I'm tired to give,
I don't wanna try
I'm afraid to live
I just wanna fly,
throw it all away
I just wanna fly,
throw it all away
Meaningless to fight for
your sympathy
I just wanna drown in the
heart of misery

One man forgot to breathe
One heart refused to beat
One loss
