

It is preventing tomorrow,  
it's so tough.  
it is fanning horror,  
it's so rough.  
it's not a pacifist.  
It's not complainig or praising,  
it's not fair.  
it is pretending to mind  
it doesn't care.  
it's not a pacifist,  
it's not a pacifist.  
Would you be?

It's taking your time.  
It doesn't matter what you feel.  
It's harder tha steel.  
One day we find a reason why.

It is aware of your thought  
you thik in vain.  
it will star up a riot 'n'  
release the pain.  
It's not a remedy,  
it's not a remedy.  
You will follow the orders  
of your king.  
You will bury the answer  
of this thing.  
It's not a remedy,  
it's not a remedy.  
Would you be?

I'm not sorry.  
I will find a way
