The Rasmus

I go solid when you come around  
and I know...  
I go silent, but don't get me wrong  
time will show...  
I love to watch you when you mess around  
with my mind  
I'm pathetic, but only this time  
but who knows?

I'm never gonna let you call me  
I'm never gonna let you fool me, oh no  
If it's the love that we live for, how come I didn't know  
please lead me out

I go solid when you come around  
and I know  
I am silent, but don't get me wrong  
time will show  
I love to watch you when you mess around  
with my mind  
I'm pathetic, but only this time  
but who knows, what is right?

I'm never gonna let you call me  
I'm never gonna let you fool me, oh no  
if it's the love that we live for  
how come I didn't know  
it's an easy way out....

(lots of mmmmming)
