

You gotta be fine
if you one day wanna be mine
'n' give me satisfaction twice a day,
three, four, more, five.
You better, better have a body
which makes me sure I'm not gay.
You gotta give me all,
love me more,
knock every day at my door.

If you want me you gotta please me
If you want me you gotta...
Hey, I want you to adore me
again 'n' again, when I feel alright.
Outflow.

You gotta be hot,
something like you're not,
'n' beg me under my window twice a day,
three, four, more, five.
You better, better have a body
which makes me sure I'm not gay.
You gotta give me all, love me more - stop.

Is it too much to ask?
