

# Something in the Dark

The Rasmus

Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
No way out  
Scream so loud  
It makes no sound  
It holds me down  
It pulls me in  
Grabs my soul  
I can't say no  
So I let go  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
(Something in the)  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
(Something in the)  
(Something in the)

Feel so free  
Like I can fly  
Inside my dreams  
I feel like me  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
(Something in the)  
(Something in the)  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
(Something in the)  
(Something in the)  
Something in the dark  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
(Something in the)  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
Something in the dark is on it's way  
Beating of my heart it's not the same  
Something in the dark calls out my name  
It's tearing me apart  
(Something in the)  
Something in the dark
