

your forgiveness

The Rasmus

It's time for forgiveness
It's time to repent
Time for ascendance
To live without revenge
We'll never be together
It's time to face the truth

You tell me, who can make it last forever
Destiny, couldn't seal our fates together
There's a time for anger, cause I still bleed from your last ki
ss
The war is over, and all I need from you is this
Your forgiveness

You were my religion
I gave you my soul
Your body was the light
You where my obsession
I gave you all control
I didn't know your
heart was cold and made of stone

You tell me, who can make it last forever
Destiny, couldn't seal our fates together
There's a time for anger, cause I still bleed from your last ki
ss
The war is over, and all I need from you is this
The hardest thing for you to give
Your forgiveness

There's a time for anger, cause I still bleed from your last ki
ss
The war is over, and all I need from you is this
The hardest thing for you to give
Your forgiveness
Your forgiveness
Your forgiveness
