

Five Fleas

Rasputina

Morning has broken and what do I see
Those same bloody fingerprints following me.
So it's
Backwards and forward and back again twice it
don't
pay to be thankful don't pay to be nice. I
don't
Think i'll try it again.
Guilty was all that I felt until now
Go ahead say I'm wrong, but I'm surious how
all you
People get up and then don't arrrive late. Do
you
Pray every day and then patiently wait? I
don't
Think I'll try again.
I'm known as The Endomorph.
I'm slow, I go back and forth.
I'm known as The Endomorph.
She's grown attached to the kid. Punishment
comes for no reason I've seen, then it
Stays for a while keeping quiet between what
you
Said would take place if my big mouth was
shut, and I
Pray every day, it's all o.k. but I don't
Think I'll try again.
