

Keep Running

Rat City Riot

Keep running, just keep on running.
You've only got one life to live.
Keep running, just keep on running.
There's only so much blood to give.
Keep running, just keep on running.
Take a chance and try to live.
Keep running, just keep on running.
You've only got one life to live, hey!

Dead end job with nothing to say.
Keep running, just keep on running.
Three-piece suit, working Saturdays.
Keep running, just keep on running.
Jack's a dull boy, all work no play.
You won't get me, I won't play that game.
Never get me trapped, I'll keep running away.
Never look back as I walk away.
Cheated, broken-hearted, at the end of the day.
