

Daughter Darling

Ratcat

Daughter Darling, you are so beautiful.
Daughter Darling, Kick off, (cough, cough).
The light in your hair the light
in your face.....
It reveals your Discusting (frightening) embrace
The clarity of my eye, it wont
keep any secrets from me now
Daughter Darling, you think your so
Divine.
But your cover tells its story.
The light in your hair the light
in your face
It reveals your beautiful embrace
O Daugher Darling wont you ever relax
you never take away my mind
looking at you I will never attract
Anything of your kind.
The light in your hair the light
in your face
It reveals your Divine embrace.....
