

A Little Too Much

Ratt

YEAH

You tell me something I don't know and I'll tell you something that's real
You think you know everything about me except just how I feel
Ya always call me a liar, but you can't tell to my face
It doesn't matter to me; you never loved me any way

You say lets stop, I say lets go
You say it's hot, I say it's cold
What's sa matter with me (A little too much)
Can't help myself (A little too much)
When there's nobody else (A little too much)
Here what I say (A little too much)
Here every day

You're always wanting to crucify me,
Why do you have such hate?
You better look in the mirror,
Baby it's time to seal your fate

You say lets stop, I say lets go
You say it's hot, I say it's cold
What's sa matter with me (A little too much)
I can't help myself (A little too much)
And there's nobody else (A little too much)
Hear what I say (A little too much)
Here every day (A little too much)
I can't help myself (A little too much)
And there's nobody else (A little too much)
Hear what I say (A little too much)
Here every day

(When you're on your own) (When you're on your own)
I had enough of this cold street trying (When you're on your own)
To rule the weird me
You still give me no reason why you did what you did to me
You're wrong, I'm right
Two wrongs don't make a right

LEAD

You say lets stop, I say lets go
You say it's hot, I say it's cold
What's sa matter with me
I can't help myself (Delay)
And there's nobody else (A little too much)
Hear what I say (A little too much)
Here every day (A little too much)
I can't help myself (A little too much)
And there's nobody else (A little too much)
Hear what I say (A little too much)
Here every day
I can't, I can't, I can't help myself
I can't, I can't help myself
