

Garden of Eden

Ratt

I've got a bad reputation
And you knew it so well.
Yeah, I'll give you what you need.
I'm going to take you to Hell.
Doesn't matter how you feel,
It gives you stories to tell.
I'm gonna take it right back.
I'm gonna throw in the towel, yeah.

Nothing you do is wrong.
Nothing you could have said.
Welcome to my world
In this Garden of Eden.
If you could have seen it,
You wouldn't believe it.
In this Garden of Eden.

Yeah, you're my addiction.
Between shame and temptation.
Yeah, you give me what I need
And I like it like that.

Nothing you do is wrong.
Nothing you could have said.
Welcome to my world
In this Garden of Eden.
If you could have seen it,
You wouldn't believe it.
In this farden of Eden.

In this Garden of Eden.
If you could have seen it,
You wouldn't believe it.
In this Garden of Eden.

In this Garden of Eden (in this Garden of Eden).
If you could have seen it (If you could have seen it),
You wouldn't believe it (you wouldn't believe it).
In this Garden of Eden.
