

Top Secret

Ratt

I'm racin' with time
You burn in my mind
I'm a man with a mission
I gotta rocket in my pocket
And nothin's gonna stop it
'Cause your my obsession
Please wait for me, wait for me
Your top secret, your top secret

I creep down the street
My sensors seek your heat
Covert operation
You're a bomb that's tickin'
I'm goin' down kickin'

That's classified information
Please wait for me, wait for me, wait for me

I'm runnin', I'm hidin'
You're top secret, you love is so exciting
I'm lyin', denyin'
You're top secret,
and baby I'm dyin'

I'm in way too deep
There's no time to sleep
And I'm hungry and thirsty
It's like my finger's in a socket
I need your love to shock it
But time has no mercy

Please wait for me, wait for me, wait for me

I'm runnin', I'm hidin'
You're top secret, you love is so exciting
I'm lyin', denyin'
You're top secret,
and baby I'm dyin'

Please wait for me, wait for me, wait for me
Please wait for me, wait for me, wait for me

I'm runnin', I'm hidin'
You're top secret, you love is so exciting
I'm lyin', denyin'
You're top secret,
and baby I'm dyin'

Please wait for me, wait for me, wait for me
Please wait for me, wait for me, wait for me
Please wait for me, wait for me, wait for me
