

## Again

Rattle Bucket

I...  
I've lied to you that I'm your friend  
I've lied to you cause past was only dreaming  
Only dreaming

I...  
I'm waiting for your answer back  
I'm waiting for my life cause death is near  
Still no healing

It's time to fall  
It's time to die  
It's time for a day when we will find

That we are wrong  
And still is the same  
And still the same again

It's time to fall  
It's time to die  
It's time for a day when we will findd

That we are wrong  
And still the same  
And still the same again, again, again...

Now I'm really not fine

It's time to know  
That we can start again  
It's time to know  
That we can start to care again  
That we can start to care again  
That we can start again...

Now I'm really not fine...
