

Trapdoor

Rattle Bucket

You stole my life...

Welcome to this new room in my head
where's no time left over
Blind walls around me can't understand
that I need the truth

And I swear that your crying will be only cure
I don't know why but nothing stands by me

Tonight I'dont wanna die
Wait for tomorrow (I'll be) ready
Tonight I wanna be with you
I want to say goodbye
Say goodbye to you

Say goodbye to you...

Welcome to this resume in my head
where's no time left over
Blind walls around me can't understand
that I need the truth

And I swear that your crying will be only cure
I don't know why but nothing stands by me

Tonight I'dont wanna die
Wait for tomorrow (I'll be) ready
Tonight I wanna be with you
I want to say goodbye
Say goodbye to you

You stole my life...
Kill me. I know the time is right
Fill me don't go it's last goodbye
Waiting for you the world still goes round

Tonight I'dont wanna die
Wait for tomorrow (I'll be) ready
Tonight I wanna be with you
I want to say goodbye
goodbye to you

Tonight I'dont wanna die
Wait for tomorrow (I'll be) ready

Say goodbye to you

Waiting, for you, the world still goes round..
