## You're Only Lonely

When the world is ready to fall on your little shoulders And when you're feeling lonely and small You need somebody there to hold you

You can call out my name When you're only lonely Now don't you ever be ashamed You're only lonely

When you need somebody around on the nights that try you Remember I was there when you were a queen And I'll be the last one there beside you

So you can call out my name When you're only lonely Now don't you ever be ashamed You're only lonely

You're only lonely You're only lonely You're only lonely

When the world is ready to fall on your little shoulders And when you're feeling lonely and small You need somebody there to hold you

So don't you ever be ashamed When you're only lonely You can call out my name When you're only lonely

You're only lonely When you're only lonely You're only lonely It's no crime darling, we got lots of time

You're only lonely You're only lonely There's nothing wrong with you Darling, I get lonely too

You're only lonely You're only lonely So if you need me, all you gotta do is call me You're only lonely
